

California Youth Wilderness Adventures

Boy Scout Troop / Co-Ed Venture Crew 85

Boys 11 and Up / Girls 13 and up
Pacific Palisades · www.troop85.net

In the last few years, we've rock-climbed at Joshua Tree National Park, climbed to the top of Mt. Whitney -- highest peak in the 48 states!-- snow camped and slept in an igloo we built, backpacked to Manter Meadow (18 miles) and Manzana Creek (13 miles), car-camped at Death Valley, built and blasted a rocket to 13,650 ft, and backpacked across Sequoia, Yosemite and Mineral King. We welcome all family members (hale and hearty enough) to join in the fun. We are a close-knit group of youth and parents working together to reach our common goals of:

High Adventure & Peak Achievement
